Subject: Facilities Provided

Dear Sir,

This is re: basic facilities provided to the employees,

As per company policy all Managers will have certain electronic gadgets installed & Furniture available in their accommodations, but this is not happening.

Whereas the new employees who have joined at the same designation are getting the same gadgets installed right from their start.

I've to shift my family next week, & with 6 month old son, these basic things will be required.

I would request you to kindly look into these Policies & allow for the installation as well as availability of these basic amenities that every single family needs.

Regards,

Pranshu Balyan | Manager | Marketing

Sir,
Pls allow for Geyser
Installation.
Thanks
Pranshu
